SCHOCK NEWS **2023**

Kitchen sinks with green in their DNA are transformed into colourful designer objects at SCHOCK. We turn kitchens into places to meet, places where we can celebrate diversity and enjoy spending time together. Because not only do we love sustainable premium quality, we also love life in all its facets. All of that comes together in our Home of Colourful: our ideas, our vision, our innovations.

# WELCOME TO THE HOME OF COLOURFUL

These will be even more colourful in 2023, upgraded with even more diversity with **new models** like the Kiruna range and the Kallio M-100. And **more colour** for sinks, taps and multifunctional accessories.

With so many novelties, we are glad to see some familiar faces: Iggy Pop is back with his Green Team in 2023. These party animals are celebrating life in all its colour at home with the punk legend in the Home of Colourful. Let's celebrate with them – and on the following pages we'll give you a few good reasons.

Exclusive CRISTADUR® Green Line

Colours: Day, Dusk, Night, Twilight

DUSK

### STYLE IS IN THE AIR: FASHION-FORWARD DUSK.

Long live grey in grey: The classy colour is currently experiencing a comeback – even if it never really went out of fashion in modern furnishings. Dusk adds a dark, matt grey to SCHOCK's CRISTADUR® Green Line portfolio.

#### CRISTADUR® Green Line

The most innovative product line from SCHOCK thanks to its sustainably optimized composition.\*

#### Combines perfectly

with woods or metals for Scandi look or industrial style

① CRISTADUR® Green Line sink model **Kallio M-175** in the colour **Dusk**

\* Option to return CRISTADUR® Green Line sinks for customers from Germany and Austria and materials used in the production process into the SCHOCK closed cycle.

# KALLIO M-100

## Farmhouse model green at heart: the new Kallio M-100.

Being part of the CRISTADUR® Green Line, the new Kallio M-100 is green at heart and is the alternative to the classic farmhouse sink – particularly in the colour Day, a bright, pure white that was once only seen in ceramics. The Kallio M-100 is also our response to the consumer's desire for a contemporary modular sink in quartz composite for a 60 cm base cabinet.

Makes an elegant combination with wood and metal

Colours: Day, Dusk, Night, Twilight

**Narrowly spaced grooves**  
as a place to put dishwashing  
utensils and the like

**Slanted edge to  
the front of the basin**  
for cleaning baking trays and such

# PREPSTATION NOW IN GREEN

**Sustainability meets multifunctionality and diversity:  
Addition to the CRISTADUR® Green Line.**

As a multifunctional food prep assistant, the CRISTADUR® Prepstation is an excellent choice for the modern sink area. From 2023, the Prepstation will become one of the exclusive CRISTADUR® Green Line models - representing sustainable premium quality.

## FORMHAUS D-100LS

With the new D-100LS variant, the popular CRISTALITE® entry-level range just got even more attractive. Because the latest Formhaus model boasts an extra-large bowl and a narrower draining board, making it a multifunctional little miracle for the smaller kitchen and kitchens without a dishwasher. For even more variety in a small space.

Available in the following colours: Nero, Onyx, Asphalt, Croma, Sabbia, Moonstone, Alpina

# NEW ACCESSORIES

## ADDED WOW FACTOR: MULTIFUNCTIONAL ACCESSORIES.

When it comes to accessories too, we're always thinking beyond the kitchen sink – thinking of the people who want to use it in a multifunctional way. Examples include the modern silicone drain mat to protect the worktop (very narrow design for small kitchens) or the multifunctional designer drain rack that can be used on and beside the sink, as a place for sponges, dishes and the like to drip dry. Also new: the wooden chopping board and the corner bowl for keeping dishwashing utensils in or to let them drip dry.

# COLOUR ON THE MARCH: THE NEW MIXER TAP COLOURS.

**1** SC-RANGE

TANOS **2**

**3** EPOS

**i**

**1 THE SC-RANGE – a byword for colourful** - now also in the new CRISTADUR® Green Line colour Dusk. Impact resistant and scratch proof, patented sleeve technology for a perfect colour match with all SCHOCK sinks; in many designs available for maximum creative freedom

**2 TANOS – the high-grade designer tap in industrial style** - from 2023 also in on-trend matt black. Upgrades modern and classic kitchens with the understated elegance of its industrial style, with ultra-quiet aerator for clear laminar jet

**3 EPOS – the trendsetter featuring variants with full-colour finish** - besides Puro, now also with full-colour coating in the CRISTADUR® colours: Magma, Carbonium, Stone, Bronze, Silverstone, Magnolia and Polaris. With the expansion of the colour collection, the Epos tap can now also be combined with all colours of the CRISTADUR® Classic Line for a complementary match. L-shaped, ergonomic design, high rise spout

**PLUTOS – topseller with J-spout** - besides CRISTALITE® colours, now also available in the CRISTADUR® colours Puro und Magma for a perfect match with the most popular sink colours
